HOW TO READ THIS

These are **nonpartisan** races — no party appears on your ballot — and judicial ethics bar candidates from promising how they would rule. So this page lists each candidate's record and who has backed them, not positions on issues.

All five are endorsed by **AFT Washington (AFL-CIO)** and **Planned Parenthood Alliance Advocates**. CI has not separately vetted them, so the star here means *endorsed by those organizations* — a different standard from the star on the front.

Five of nine seats are on the ballot, the largest turnover in decades. Names link to campaign sites.
